### **Gas South Opens New Office in Gainesville**

*Natural Gas Leader Builds Presence in North Central Florida*

**ATLANTA** (April 20, 2022) – Gas South, the leading retail natural gas provider in Florida, is celebrating the opening of its new office in Gainesville, Fla. Gas South gained a leading market share in the state following its 2020 acquisition of Infinite Energy, which was headquartered in Gainesville.

“In the time since we welcomed the Infinite Energy team into our Gas South family, we have been thrilled to see the impact they have had on both our culture and customers,” said Kevin Greiner, president and CEO of Gas South. “We now have 124 employees in Florida, and this new office in Gainesville will only strengthen our roots and commitment to growing in the Sunshine State.”

Covering three floors at 5950 NW 1st Place in West Gainesville, the new office is conveniently located near The Oaks Mall and North Florida Regional Medical Center, while also boasting close proximity to I-75, Butler Plaza and Celebration Pointe. The workplace was designed to meet the changing needs of the modern office, with ample flex space allowing employees to flow in and out as part of the company’s hybrid work model. To support virtual meetings, the building includes a conference room designed to be used with Microsoft Teams and a help desk for any IT challenges stemming from the influx of new remote-work technology.

Another key factor in Gas South’s decision to invest in a new Gainesville campus is maintaining access to top talent from both the University of Florida and Santa Fe College.

“Given the competition for talent in our current economy, we think our proximity to the University of Florida and Santa Fe College will allow us to be top-of-mind when it comes to individuals establishing a career path after graduation,” added Greiner. “We hope to cultivate relationships that start with internships and lead to long careers within our vibrant and diverse organization.”

Gas South serves more than 425,000 residential, business and governmental customers in Georgia, Florida, North Carolina, South Carolina and 10 other states. For more information, visit [www.GasSouth.com](http://www.GasSouth.com).

**About Gas South:**

Gas South is a leading provider of natural gas in competitive markets throughout the southeastern U.S. Following the acquisition of Infinite Energy in 2020, Gas South now serves more than 425,000 residential, business and governmental customers in Georgia, Florida, North Carolina, South Carolina, Ohio and New Jersey. Gas South offers simple and straightforward rate plans, outstanding local customer service, and a promise to give back 5% of profits to support children in need. Gas South is a wholly owned subsidiary of Cobb EMC, one of the country's largest electric cooperatives. For more information, visit [www.GasSouth.com](http://www.GasSouth.com).
